Chapter 44: Dany, multi-tasking, sleeps with Daario and marries Hizdahr

Dany, getting ready for her loveless marriage to Hizdahr, first has a lot of sex with Daario the sellsword.

Cock alert!

She loved to cup his cock and feel it harden against her palm. She loved the way he would always look into her eyes and say her name as he slid his cock into her.

Dany also dreamed of having sex with Hizdahr, her future husband, but the dream was more of a nightmare. In her dream his lips were blue and cold, like the warlocks of Qarth who tried to kill her, and when he thrust into her, his cock was as cold as ice. Obviously she fears he may try to kill her. Dany has been warned that Hizdahr may well be involved with the Sons of the Harpy.

Quentyn Martell finally gets to Dany's palace and meets Dany! He identifies himself and explains how there was an agreement many years ago for her brother Viserys to marry Prince Doran's daughter Arianne. Since Viserys is dead, the Dornishmen want to honor the pact by having Quentyn marry Daenerys.

But Dany is not interested in marrying Quentyn because

- 1) Quentyn is ugly and she is not sexually attracted to him.
- 2) He will not help her with her current situation in Meereen. At this point she seems to have lost interest in going back to Westeros and is entirely Meereen focused.
- 3) She is supposed to marry Hizdahr very soon.
- 4) Quentyn is ugly and she is not sexually attracted to him.

Dany decides to resolve the situation by having more sex with Daario.

That night Daario had her every way a man can have a woman.

Every way? Why would Dany let Daario make love to her ass? Do you think Daario asked for that: "Dany, would you mind if I made love to your ass?" Or do you think Dany offered it, rolling over onto her belly, spreading her ass cheeks, and moaning "Put it in here, Daario, put it in here...."?

The last time she used her mouth to make him hard again.

The last time? If the very last time she used her mouth, that must mean previously he had made love to her ass! That means Dany is putting his cock into her mouth after it has been in her ass. Isn't that really sick?

After a night of contemplative ass and mouth sex Dany formally turns down Quentyn's request for marriage. Then she married Hizdahr. Perhaps if Quentyn had offered to make love to her ass, her answer might have been different.

An unrelated tidbit about Lord Tywin. When talking to Barristan Selmy, Selmy implied that when Tywin got married to his wife Joanna, that King Aerys had sex with Joanna before Tywin married her. Now, it has long been suspected that Tyrion is not Tywin's son, but remember that Tyrion is the younger son, who came after Jaime and Cersei, so this story could not directly

relate to that. Still, it is an interesting bit of information. Maybe Aerys also had sex with Joanna after Tywin married her, and one of those affairs produced Tyrion.

The bottom line:

- 1) Dany has wild ass and mouth sex with Daario.
- 2) Dany marries Hizdahr.
- 3) Dany throws an urgently needed alliance with Dorne down the toilet.
